

Step Out at SWFC

The Wednesday Walk on Thursdays

57 – Hollin Edge – 3.2 miles

A walk from More Hall Dam, up past the Wantley Dragon and on to the top of the hill, then a long descent back to the reservoir. There are also flatter routes for those who do not want the climb.

Anticlockwise

From the end of the dam, return to the main road then double back up More Hall Lane. Turn right onto Hare Hills Lane (yes, this rough track actually has a name!) and turn left as you go through the gate to pass the Wantley Dragon.

Follow the main track up, out of the woods towards Hollin Edge Farm, but turn left and follow round the edge of the field onto the farm drive and all the way down to the road. As you come out onto the road, turn right and take the footpath on the left dropping down steeply then bending right across the hillside to join Carr Lane (another track with a name). Turn left then where the track bends right, take the footpath on the left which drops down to the reservoir road. Turn left back to the car park.

Risks

A short road walk on More Hall Lane, not very fast but narrow and twisty - take care.

Several stiles

Footpaths (mud, slipping, tree roots, steps, etc).

Bikes, horses and dogs
