

Step Out at SWFC

The Wednesday Walk on Thursdays

64a – Malin Bridge – 2.6 miles (Clockwise)

This route is the reverse of a walk we did in March 2022, when “in view of the weather recently I have found one which is mainly road walking” (sounds familiar!)

Clockwise

Over the bridge, cross the road and head left to get into the park. Go over beside the duck pond then round past the Arena and out along Hawksley Road before turning right on Bradfield Road.

At the crossroads, cross diagonally with great care then cross the river on Walkley Lane and turn right beside the Riverside pub on Limbrick Road. At the end of Limbrick Road go up the jinnel to Thoresby Road, then at the end follow the path round to Watersmeet Road.

At the end of Watersmeet Road turn right over the Rivelin bridge, left and right round the one way system, then straight up Boulder Hill and right on Rippon Road. At Oakland Road turn left then right onto Portsea Road and through to Dykes Hall Road, cross over and through Dykes Hall Gardens and Leader Court out onto Leader Road. Cross over and take the jinnel through to Wynyard Road. Cross over and go down Upwood Road then at the end turn right down Lennox Road.

Cross Middlewood Road at the crossing before heading back to the stadium either through or round the park.

Risks:

- A few busy roads to cross and some quieter roads to follow – please be careful. Use crossings where available.
- Park and footpath, watch out for dogs, cyclists and joggers.
