

# Step Out at SWFC

## The Wednesday Walk on Thursdays

### 67 – Lower Walkley – 3.2 miles

A generally flat walk, except for the middle third which goes steeply up and equally steeply back down. The uphill is on roads, the downhill through the allotments. There are a number of steps (proper ones) both up and down.

#### Clockwise

From the Stadium, head through the park to Hawksley Road and cross Bradfield Road to head past Iceland.

Turn right over the Loxley, cross B&Q carpark and head towards Morrisons. Past the Job Centre, bear left up the footpath to Langsett Road, go straight across and all the way up Hammerton Road. Turn left into Hammerton Close and up the steps at the end onto Walkley Lane.

Turn left, cross over and join Walkley Road, then find the steps down to Woodview Road. Follow round to Lower Walkley Green and cut across to Stony Walk, head up and turn right on Walkley Bank Road.

At the top of the allotments, turn right onto the path which wends its way down to Morley Street and on down to Watersmeet Road, turn right and round to Thoresby Road (or for a short cut, head along and past the school playing fields to Thoresby Road). From here, take your favourite route back to the Stadium.

#### Risks

Crossing major roads and lots of side streets.

Footpaths (mud, slipping, tree roots, steps, etc)
