

# Step Out at SWFC

## The Wednesday Walk on Thursdays

### Walk 119 – Walkley – 2.7 miles

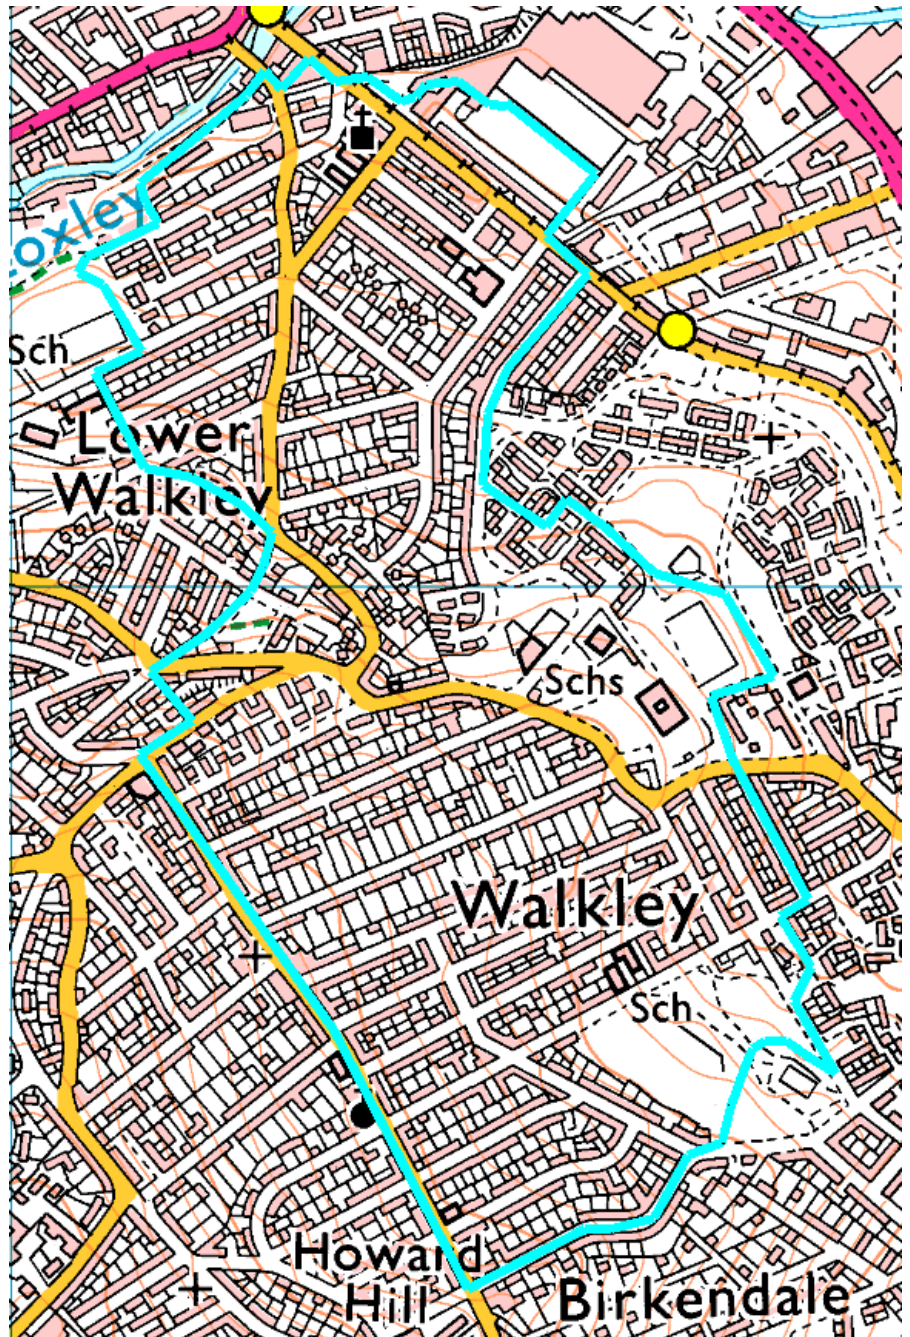

This walk is broadly similar to walk 110, but with enough variation to keep it interesting. Because of Tramlines, we cannot start at the Stadium so we park in the Barracks car park (above Morrisons), then walk up to South Road in Walkley and back. Mainly roads and paths, so no need for walking boots.

Clockwise:

Leave the car park onto Langsett Road and turn left then right up Burnaby Street. At the top, go straight on to Burnaby Crescent then take the first left on Burnaby Court. At the end turn left then right on Burnaby Walk and straight on between the houses to come out on 'Green Square'. Turn right then follow the path below the school, keeping near the fence till you come out on Whitehouse Lane, opposite Hawksworth Road.

Walk down Hawksworth Road, turn right on Burgoyne Road then turn left on Otley Walk. Bear right to Wales Place then left on Harold Street. Take the first path on the right into Ruskin Park and follow it through the park to Daniel Hill Street, cross over and head up Fulton Road to Howard Road. Turn right and walk along this flat road as it turns into South Road and eventually ends at Walkley Road. Turn right then take the jinnel on the left. At the bottom turn right, cross Walkley Bank Road and go down Stony Walk to cross Woodview Road and come out on Lonsdale Road.

Turn left, cross Bowness Road and drop down the steep path beside Rivelin Primary School to come out on Morley Street. Turn right then left round the playing fields, bear right to the end of Thoresby Road, then take the jinnel on the left down to Limbrick Road. Follow to the end then take the path past Rawson Spring to return to the Barracks car park.

Risks:

- Lots of road walking – use pavements where you can, watch out for trams, buses, lorries, cars and dog muck.
